

Safe & Nutritious Food
A Shared Responsibility

www.snfportal.in

Safe and Nutritious Food @ WORKPLACE

Building a new
healthy & happy India

Nowadays, the majority of people eat at least one meal at the workplace on a regular basis.

However, **lack of safe and nutritious food** at the workplace leads to illness, absenteeism and eventually **loss of productivity**.

This costs our economy over **Rs. 60,000** crores - up to **9%** of the Gross Domestic Product

Healthy and productive employees are **key** to the success of any workplace.

This is our **shared** responsibility.

What we're doing

Building a Policy Framework

We have created the **ORANGE BOOK**, a Guidance Document on regulatory compliance and best practices for all workplaces to ensure safe and nutritious food.

Ensuring Regulatory Compliance

- FSSAI registration and licensing of vendors
- Food Safety Management Systems (FSMS) Guidelines for in-house and external food catering services
- Food Safety Supervisors at every workplace to enforce these guidelines
- Monthly testing and third party audits of kitchens and premises

Creating Employee Awareness

- A handbook on safe and nutritious food for employees containing practical tips for ensuring safety of food, making healthy food choices and inculcating good eating habits.
- An online platform for safe and nutritious food for detailed information, additional resources, interaction and collaboration.

Creating an Enabling Environment

- Health and Wellness Coordinators for every workplace.
- Healthy Menus in workplace canteens with at least 50% healthy options.
- Fortified rice, wheat, flour, oil, milk and salt for preparing food at workplaces.
- Behavior change communication programmes for employees.

Providing Training

- Training Food Safety Supervisors.
- Training Health and Wellness Coordinators.
- FSSAI based online training and certification through FoSTaC.

Our Partners

- State Governments
- Employee Welfare Associations
- Civil Society Organizations
- Industry Associations and Corporates

Work With Us

Our **dream** is to ensure that every Indian consumes safe and nutritious food and reaches his or her full potential

To make this a **reality**, partner with us.
