Subject: Illegal manufacture/import/sale of products made from Hemp and Hemp seed by some companies using FSSAI License No. on its label- reg.

Sir/Madam,

It has been reported that products made from Hemp is being sold illegally by various companies with or without FSSAI License number under various brand names through various e-commerce platforms.

2. It may be noted that Hemp is a product for which no standard has, so far, been prescribed under Food Safety and Standards Act, 2006, Rules and Regulations made thereunder. There is lack of certain data and information on the variety of the plant to be used in the manufacturing process. The Scientific Committee at FSSAI took the view that sufficient in-depth safety data would be required for a detailed risk assessment. In the absence of the data required for a detailed risk assessment, the Scientific Committee at FSSAI recommended not to consider hemp for standardization at this stage.

3. It has also observed that some Food business Operators having food license issued by State Licensing Authorities are selling food products in the name of hemp products. These activities carried out by FBOs are totally illegal and unauthorised. The list is enclosed for reference.

4. In view of the above, you are requested to keep check on the sale of such products as food in your area of jurisdiction, inspect the premises of the firms & verify whether or not products from Hemp is being manufactured/stored/sold by the said firm and initiate appropriate action against the defaulting Food Business Operators using FSSAI License No. on the label of the product and selling the same as food under provisions laid down under FSS Act, 2006, Rules and Regulations, 2011 made thereunder. Notices may also be given to E-Commerce businesses wherein these products are available and sold through their portal.

5. The Action Taken Report may be forwarded to this office.

Encls: As above.

Yours faithfully,

(Parveen Jargar)
